A Word from the **DIRECTOR-PRINCIPAL**

Dear Students,

Welcome to Bharat Group of Colleges.

Bharat Group of Colleges campus was established in 2009 to impart value based career-oriented technical and professional education. Over the years, it has emerged as a leading educational centre widely recognized for its modern infrastructure, vibrant campus, academic excellence and placements. BGC is a place where knowledge is imparted and acquired, contested and created. It is also a place where we instill value in our youth and offer space for full expression of human creativity and intellectual Endeavour. Our academic programmes are based on twin pillars of excellence & access.

We strive to impart education for harmonious development of the total individuals as a global citizen. Our aim is to integrate science, technology and human spirit in our instructional program so as to produce graduates who are happy embodiment of modern science & technology and India's distilled wisdom. It is, therefore, not without reason that our students are rated highly in the employment market.

We believe in nothing short of perfection and excellence. All the institutes have been approved by respective government councils and are affiliated to MRSPTU, Bathinda. Highly experienced and competent faculty, student-oriented pedagogy, strong practical inputs, regular national conferences, personality development programs, language laboratories, industry interactions and frequent campus placement distinguish us from the rest. And above all, it is a ragging-free, alcohol free and pollution free campus.

BATHINDA, FEBRUARY 17 - A two-day national conference on Future Environmental Challenges 2017, organized by the Bharat Institute of Engineering and Technology, was held at the Maharaja Ranjit Singh Punjab Technical University, Bathinda.

The institute is run by the Maharaja Education Trust in Sarhadh, Bathinda. The Vice-Chancellor of the MRSPTU said, "An intention of advanced engineering technology is required to save the coming generations from the fatal effects of environment degradation. We work up only when nature started affecting us in a big way and when lakes start becoming barren lands. There is a need for social and ethical consciousness in the present generation."
